All work shall comply with the New Zealand Building Code and all relevant and associated standards, codes and
laws including terms and conditions of the building consent and any resource consents issued for project.
Architectural drawings are to be read in conjunction with the structural engineers drawings and vice versa.
All proprietary items and materials shall be fixed, installed or applied in strict accordance with the manufacturers
recommendations and specifications.
All documentation must be read in full and completely understood before any works begin and any discrepancies or ambiguity
shall be clarified with design LBP before any work commences.
The builder is responsible for the setting out of the works, the checking of all dimensions and levels on site, and the reporting of
any discrepancies prior to commencement of work. Do not scale from these drawings.
